

BAHNO 2023 ANNUAL SCIENTIFIC MEETING

DECISION MAKING IN HEAD AND NECK CANCER CARE

Friday 19th May 2023

PROGRAMME*

08.00 Registration, refreshments and exhibition

08.50 Welcome

Vinidh Paleri

SESSION 1 | FREE PAPERS

CHAIRS: Claire Paterson,
Catriona Douglas

- 09.00 The COVID-19 Pandemic has not changed stage at presentation or treatment patterns of Head and Neck Cancer (HNC) – A retrospective cohort study Anna Cowell
- 09.10 When HPV-related oropharyngeal squamous cell carcinoma goes bad – 8 year analysis of pattern of recurrence and distant metastasis Ayla Tabaksert
- 09.20 Prognostic value of radiological extranodal extension detected by computed tomography for predicting outcomes in patients with locally advanced head and neck squamous cell cancer treated with radical concurrent chemoradiotherapy Abhishek Mahajan
- 09.30 Depression, anxiety, stress and quality of life in carers of people with dysphagia after head and neck cancer Laura-Jayne Watson
- 09.40 IDO – Immune biomarker in head and neck cancer? Daniel Lin
- 09.50 Challenges of shared decision making in thyroid cancer – A systematic review and development of thyroid cancer patient concerns inventory Wanding Yang
- 10.00 Response assessment of post-treatment head and neck cancers to determine further management using NI-RADS (Neck Imaging Reporting and Data System) – A subgroup analysis of a randomised controlled trial Abhishek Mahajan
- 10.10 A simulated patient internet search: the quality and understandability of easily accessible online materials are unlikely to support service users in making informed decisions about alaryngeal communication methods post-total laryngectomy Jessica Dunkley
- 10.20 TBC: Company presentation
- 10.30 Refreshments, exhibition and poster viewing

SESSION 2

CHAIR: Vinidh Paleri

- 11.00 Introduction to Blair Hesketh Lecture Vinidh Paleri
Rollo Hesketh
- 11.05 Blair Hesketh Lecture | Patients are People Dr Liz O’Riordan
The Blair Hesketh Lecture has been made possible by the kind donation from Mr Rollo Hesketh and support by the Oracle Cancer Trust
- 11.45 Case based panel discussion
Moderator | Martin Rolles
Panellists | Daniel Leopard, Shaheena Sadiq, Ketan Shah and Rosanna Zorko
- 12.45 Lunch, exhibition and poster viewing

BAHNO 2023 ANNUAL SCIENTIFIC MEETING
DECISION MAKING IN HEAD AND NECK CANCER CARE

Friday 19th May 2023

PROGRAMME*

SESSION 3 FREE PAPERS – WOLFSON THEATRE		CHAIRS: Mehmet Sen, Zsuzsanna Iyizoba-Ebozue
13.45	First in human experience of transoral robotic surgery with the Versius robotic system	Jack Faulkner
13.55	Proposed imaging based sub- compartmentalisation of high infratemporal fossa involvement in oral cancers and its impact on outcomes and AJCC	Abhishek Mahajan
14.05	6-month Post radiotherapy PET-CT remains a poor predictor for residual nodal disease in Human Papillomavirus (HPV)-positive Head and Neck Squamous Cell Cancer (HNSCC)	Suyun Zhou
14.15	Interdepartmental comparison of received and reported skin toxicity, in Head and Neck Cancer (HNC) patients receiving Proton Beam Therapy (PBT)	Sabina Khan, Mark Reed
14.25	Malignancies involving the temporal bone. Results of a single centre, 9 year multi-disciplinary approach from the United Kingdom	Eric Farrell
14.35	Using genetics to explore potentially modifiable risk factors in head and neck cancer	Mark Gormley
14.45	The diagnostic management of cancer of unknown primary – A single centre experience (GSTT)	Stephen Robertson
14.55	Prognostic implication of p16 and HPV discordance in oropharyngeal cancer – The EPIC-OP study	Hisham Mehanna
SESSION 3 FREE PAPERS – SELIGMAN THEATRE		CHAIRS: Florence Cook, Roganie Govender
13.45	Evolving roles in AHP Research – Impact of AHP participation in the NIHR API scheme in the context of SIP SMART2 trial	Florence Cook, Nicky Gilbody, Jenny Hunt, Michael Caygill
13.55	Patient reported experiences of medical imaging during the workup for radical radiotherapy treatment of head and neck cancer	Alastair McCabe
14.05	Development of a complex intervention of PET-CT guided, patient-initiated follow-up in head and neck cancer – The PETNECK2 study	Paul Nankivell
14.15	Decision making for prophylactic gastrostomy insertion to support patients undergoing intensity modulated Proton Beam Therapy (PBT) for Head and Neck Cancer (HNC) – Experience from a UK centre one year after opening the service	Laura Fitzpatrick
14.25	Systematic review - Treatment priorities and treatment regret in older adults with head and neck cancer	Emer Fahy
14.35	Decision-making around voice prosthesis management following surgical voice restoration in laryngectomy – A qualitative study	Nicky Gilbody
14.45	The effect of sarcopenia on overall survival in patients with oral cavity squamous cell carcinoma	Ashwin Kerai
14.55	Experiences of voice rehabilitation – What matters to people with laryngectomy	Freya Sparks
15.05	Refreshments, exhibition and poster viewing	

*subject to change

BAHNO 2023 ANNUAL SCIENTIFIC MEETING
DECISION MAKING IN HEAD AND NECK CANCER CARE

Friday 19th May 2023

PROGRAMME*

SESSION 4		CHAIR: Somiah Siddiq, TBC
15.35	AGM	
16.05	Understanding the national landscape of Head and Neck Cancer and next steps	Linda Sharp, Tamara Kahn, Vinidh Paleri
16.25	NCRI - Updates on the opportunities to engage in H&N cancer research	Martin Forster, Emma King
16.45	Debate This house believes that 'Clinical trials in Head and Neck do not serve our population'	
	Moderator Stuart Winter	
	For Jeremy McMahon and Sarah Hargreaves	
	Against Jason Fleming and Roganie Govender	
17.45	Closing remarks and prize giving	
17.50	Closing networking and poster reception
